WHAT RESOURCES DO YOU HAVE TO CONTRIBUTE?

WHAT DO YOU PERSONALLY WANT OUT OF GUILDFORD ENERGY?

- • Dividend
- Ethical Investment
- Better return than banks / traditional

- * "Réduce reliance" on fossil fuels
- Sustainable, renewable power
- · Green car power recharge points

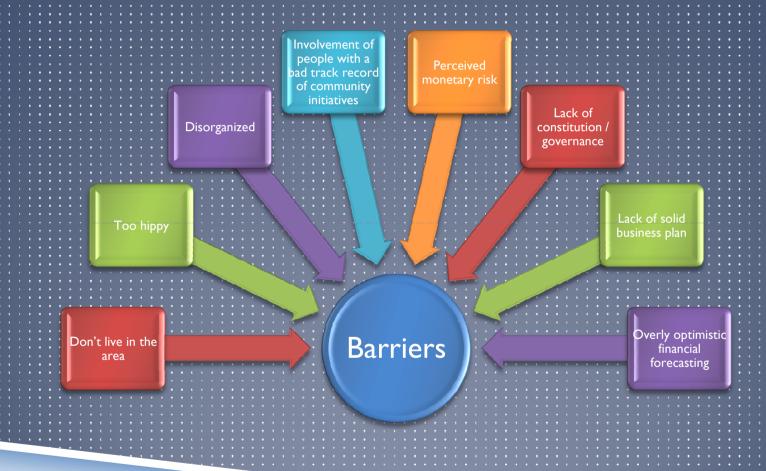

- Belief that I have made ethical choice
- Pride in our achievements
- · · Civic responsibility
- Positivity and empowerment

- Build Guildford's reputation as a hub for innovation
- Pilot for others to follow

WHAT MIGHT STOPYOU BEING INVOLVED?

WHAT DO YOU IDENTIFY AS THE KEY CHALLENGES

Reducing costs by partnering with installers

Direct purchasing from PV panel inverter manufacturers

Ability to simply and effectively explain the concept to the community

Restrictive (geographic) investment boundaries

NIMBY-ism's

Raising sufficient start-up capital

Regulations

Red tape

Opposition by Government (Synergy)

Ability to sell into businesses

Businesses (who GE sells into) go bust

Ongoing maintenance and infrastructure costs Ensuring that we are offering the right advice to clients

Strong commercial competition

High insurance costs (damage to panels)

Approval and lead time from Western Power

WHO ELSE DO WE NEED TO GET INVOLVED?

Businesses

You tube Video Pro

Community Groups

Chamber of commerce and Industry

Acountants

City of Swan

High networth investors

Suceesful local business icon

The Church "Friends of the Faith"
